From the Editor

After a slight hiatus, I finally got to work on my car today (April 6). I had to pull a head off and install inserts for 4 stripped headstuds. The head is now back on and all that's left is top block cover and carbs.

One more day of work and I can drive it to Springfest. We're looking forward to seeing everyone again this year.

Hopefully this newsletter wil look better to those of you who still receive it in print. The old printer died a couple of weeks ago, and the new one just arrived. From what I can tell, it's a good one.

If you have anything to submit for the newsletter, please email it to

66corsa@cox.net , or mail it to:
