Tuesday August 5, 2014 ... Pontiac / Waterford Elks Club

Regular Monthly Meeting

We will spend a few minutes talking about all the things to do this month, Woodward, Back To The Bricks and the Homecoming. Then after the 50/50 drawing we can go outside and enjoy the evening in the parking lot kicking tires, trading stories and maybe even a tech session on a car or two.

2nd SATURDAY BREAKFAST & 4TH SUNDAY TOUR

August 9th & August 24th

Mark these days on your calendar! Information to come via E-Blast a few days before the Saturday event. The Sunday event is the last day of Homecoming so consider cruisin your Corvaire on Hines Drive which will be blocked off to all 'non-Classic' vehicles!

SILENT AUCTION

All Proceeds to go to Haven House

We are looking for donations of several quality items. The donated items will be displayed on a table adjacent to the Hospitality room and bid sheets will be located along side them. Ruth Sweeney will be offering a hand knitted afghan and Ken Pepke will also offer one, of his own design!

Haven House is a non-profit organization to help with domestic violence. I will need items by Thursday, August 21st, 10 am.

Please contact Ruth Sweeney 248-909-9902

ALL THE WAY FROM TENNESSEE

An email from Kathy (Ives) Rutherford, long time member and former DACC President, tells us she will be in Windsor, ONTARIO on August 5th. She wants to bring her dad, Albert Ives to the meeting. She asked how to get there from the Ambassador Bridge. Many choices. You could take Lodge freeway to Telegraph to Dixie Hwy. to Scott Lake Rd., or I75 to M59 into Pontiac and then Dixie Hwy. How would you do it? I gave her the addresses to the bridge and the Elks Club.

LEONARD MICHIGAN

The DACC was well represented at the annual Strawberry Festival in Leonard, MI ... By an 85 Eldorado :- (With my Corvaire out of service, due to a failed flywheel, no Corvaire made it to the parade! Oh, well ...

Thanks to Pete Koehler, and his extra flywheel, my Corvaire will soon be on the road and ready for more than just local jaunts.

MEMBER LONG AGO

WOW, it has been many regrettable years since I was involved with DACC / CORSA. When I was young, single, carefree. . . then life changes to responsibilities, bills, working for the big corp. . . and dreams of enjoying classic car life again get postponed. I was a member years back and actually took a late model concours trophy at a meet you had, then I stayed interested, attend the conventions when I could, drove my sweetheart royal blue Corvaire when I could.

Then one day I had to drive it to work because of repairs to my daily driver and another car at an intersection ran out in front of me causing some cosmetic damage to the front end. I, heartbroken w/o money to repair it then, parked in the storage garage at my house. Well, life didn't get any less crazy or financially fruitful so she still sits, after 30 years, in the garage.

Today I am retired still without the money, time, space, tools, support and some agility skills to re-restore my baby. I guess somehow I thought and prayed some magic would happen and I would be driving the dream cruise / Corvaire convention. . . events once again.

Well, sadly, I must find a new home for her and couldn't think of a better group to confess my plight and offer her to.

She's a 1968 Monza w/ 4 spd (110hp) and as I stated earlier she was previous restored in the late 70's. The last time she was gassed up was Oct, 1984 and she has 91,000 original mile. I am so sorry I neglected her so.

Corvaire Baby has to go :- (

CAVEMAN GARAGE

It has been another busy month at the Caveman Garage. My '65 Corsa turbo convert is down and waiting for a repaired turbo to come back to me. In a weak moment I thought it would be a good idea to put in a temporary powertrain and give the car a road test. As of today the engine is bolted in. All the heavy lifting is done. I just need to hook up all of the little things and get the car down off the jack stands. Piece-of-cake. Tomorrow's goal is to take it to lunch. Dinner? Saturday's breakfast? Think I'll get it done before the Homecoming??

Another project that we tackled this month actually started on the show field at the Sloan Auto Fair car show in Flint. Now, this could be hard to follow so stay with me: Marvin Granger has always wanted to own a Corvette. Clark Hartzel really wanted to get an early model coupe to replace his Greenbrier. Seems Joanne would enjoy the hobby more if the Greenbrier went away. You know what they say? Happy Wife, Happy Life! But back to the Caveman factor. I traded off a 1976 Corvette to Marvin for the former Bob Greer 1963 Monza coupe plus an undisclosed amount of \$\$\$.

Clark purchased the white '63 and at the same time Vice-Prez Tim Bramble talked Clark out of his '63 Blue Brier. All was well except for the troublesome ticking noise emulating from the rear (front?) of the newly installed engine in the coupe. My solution? An instant "tech session" at the show. I gained access to the three bolts that attach the torque convertor to the flex plate of the engine. They were just a little bit on the loose side so I snugged them down and crossed my fingers. Viola! After re-assembling everything the noise went away! I was a hero! But it was a short victory.

The car made it back to Marvin's okay. But soon after the noise returned. By that time Clark was the owner/driver so I asked him to bring it over to the official Caveman Garage. I knew we had to pull the engine to gain access to the pesky flex plate. Clark schooled me on the slight differences between an early model flex plate and a late model one. The difference is only .070 inches!! But that could be enough to cause the noise. Long story short we pulled the engine and found the wrong flex plate, but more importantly the flex plate was cracked at one of the three ears. We put in a new, correct plate that I had wisely purchased the evening before from a Craigslist ad. Clark helped put everything back together and noise was gone for good. Another inexpensive (\$20) Caveman Garage fix. The proof was in the fact that two days later Clark and Joanne took the car on a 400 mile jaunt to a Friends of Corvair event in Ohio. Quiet as a church mouse. And ... the Hartzel's ride was even shiny and pretty and clean and fit right in with those beautiful FOC Corvairs. Way to go Clark!

Next repair job on my plate is to get ready for the inaugural Concours d'LeMons event on July 26th. I have entered a CaveMobile. It is really nasty. But that is what event organizer Alan Galbraith wants. If I can fix the broken clutch cable and install a marine fuel cell (boat gas tank!) I just might be able to drive this heap onto the show field. If not my Aussie mate Bill Johnson has offered a tow with his "Holden". I hear he has sub-contracted with "Outback Vehicle Recovery" out of Alice Springs, North West Territory. This should add to the comedy of the day!

We will report our successes or failures at the d'LeMons event at the next meeting. And I will spin more tall Caveman tales in the next issue of the Aircooler for your (hopeful) amusement. **PETE KOEHLER**

DACC PAST Activities

Sloan Summer Auto Fair June 29, 2014. The Sloan Museum and the Flint Cultural Center provided the venue for the Sloan Summer Auto Fair. The DACC filled the eastern side of the pavilion area with a total of 14 Corvairs and a few more scattered about the Fair Grounds. Earlies prevailed, but lates, Greenbriers and even a motor home filled the area.

This month's Second Saturday event overflowed to Sunday. The contribution that the City of Flint made to the automobile and to the automobile industry is well documented in the Sloan Museum. Concept Cars were a major attraction at the Auto Shows of the '50's and several of them were on display here. The '53 Wildcat was even driven. A 1902 Oldsmobile was driving around offering rides most of Sunday afternoon. An unexpected highlight of the day occurred when a few of the assembled Corvairs began to find new owners, all without leaving the Club. As this occurred later in the day on Sunday, we may have to wait until the next meeting to appreciate the full scope. Breakfast on Sunday at the Pete's II Coney in Clarkston was a good gathering spot both for the food and the location. President (and chef) Pete C. provided tube steaks and several members brought "finger foods" to round out the menu. This event is a natural to be an annual DACC Activity. **John O'Leary** Activities

August 16: The Woodward Dream Cruise: The DACC will have 10 reserved spaces on Old Woodward south of Brown in downtown Birmingham for what has become an international event. This is the most relaxed spot to enjoy approximately 50,000 antique, classic and special interest vehicles attracting an estimated 1 million people for a one day event. Easy parking at the parking structure on Brown just West of Old Woodward.

August 21-24: The DACC Homecoming at the Quality Inn, Plymouth. Over 100 Corvairs expected from several states and Canada for four days of all things Corvair. Swap/Sell, valve cover races, barbeque, pizza party, road rally, 50/50, Rockin' Ronnie, Ken Pepke style Hospitality, Mike McKeel's Motor Magic, Ypsi Corvair Museum, Wine and Cheese for the ladies. All this with totally refurbished accommodations.

September:

September 20-21: The Orphan Car Show, Ypsilanti, MI. Join your friends of the Corvair friends along with all your other Hudson, DeSoto, Nash, etc. friends along with all the other great names of the past. This spectacular annual event also requires pre-registration to ensure the order and organization that makes it such a great event.

The Fall schedule is still flexible. Get your thoughts, comments and suggestions to **John O'Leary** (248) 681-7747 as soon as possible. Yes! Summer is almost over and we will again have to gather for warmth, let's enjoy it also.

MEETING NOTES

July 1, 2104

With perfect summer weather, President Pete Cimbala called for a short meeting to enable us to adjourn outside and appreciate the 19 Corvairs and 42 members present. Some Corvairs even changed hands right before our eyes.

Although the meeting was brief, a lot was accomplished. Pete C. and Marv G. were recognized for their efforts at the Sloan Summer Auto Fair.

A list and discussion of the many activities in July was presented. August activities include The Berkley Parade (8/16), Back to the Bricks (8/12-16), Woodward Dream Cruise (8/16) and The DACC Homecoming (8/21-24). The Orphan Car Show in Ypsilanti is 9/21. Pre-registration is required.

For the Homecoming, a sign-up sheet was circulated and volunteers will be needed in several areas; Registration, Hospitality, Valve Cover Races, etc. Early, prepaid registrations provide a discount and facilitates registration at the event.

Ruth S will donate a large, handmade afghan and requests others to do likewise to promote a raffle(s) in support of Haven House. Our support of Haven House has not been what it could be in the past few years.

Ken P requests articles for the Aircooler as less than a third of our membership are able to attend the meetings and rely on the Aircooler for information. The DACC was able to acquire and sell 10 spaces on Old Woodward in Birmingham for the Dream Cruise. Join us on Old Woodward south of Brown for the fun and excitement.

\$69.00 went to Bill Johnson for the 50/50 and the Attendance Award went to Bob Riggs.

Homecoming Update

The online registrations are coming in everyday and so are the checks in the mailbox. It looks like we are going to have another great event with a lot of first time guest from Canada and out of state. With the CORSA Convention on the far west coast the local shows like ours bring in more people and the number of registrations received and calls and emails with questions are up this year.

We will have our **live auction** so please find good stuff for Marvin to sell, and there will be a **silent auction** with selected items too.

New this year will be a wine & cheese-tasting event after the Saturday awards program, a good swap meet, Sat. road tour and all of the great food in the world-class hospitality room. Ken is going to need some help during the day and that is a great way to meet and greet people. And we can always use help in the Registration room.

Remember to bring your Valve Cover Racer and your models or toys for the exhibit and maybe even win a gift certificate to Hobby Lobby.

Eva has some fun events for the kids, and there will be Ladies activities both days, Mike Mckeel will have his car care clinic open and do a tech session, Rockin Ronnie will be spinning the tunes and the Drive In Movie Friday evening will be PLANES.

The Bennigans next door has closed so we will not be able to have dinner there Thursday like many of us have done for 20+ years.
