Queen City Corvair Club

Charlotte, North Carolina

Chapter 281 of CORSA, Corvair Society of America

## VAIRious Thoughts for This Month

submitted by President Dick Charest

In the coming months we have several outings that QCCC members can participate in. The Collector Car Appreciation Day Gathering in Hickory, NC will be held on July 13, the Saturday before our next QCCC meeting. Then on the following weekend, we plan to go to the Carolina Aviation Museum on July 20. The Collector Car Appreciation Day outing requires notification to the organizers of our club's participation. Dee will contact club members to confirm which members will be attending this event. Remember that we are planning for the club to provide a picnic lunch for all QCCC attendees at that event so knowing how many members will attend is important so we can get the correct amount of food.

Last month I discussed the need to increase participation in club outings and a couple of other issues facing our club. This month I want to briefly discuss our club treasury. We are a non-profit club so we don't need a lot of money in the club's treasury. I feel the club's treasury is there primarily for the benefit of the membership. We should not be wasteful with the club's funds but we do not need to hoard them either. The club's treasury is the result of club members working at events like Springfest and AutoFair and our 50/50. Since the club members worked for and contributed to those funds, it makes sense that the funds be used appropriately for the benefit of the club members. I think it is a good thing that in addition to the Christmas party, the club occasionally provides food at club outings. That may even encourage greater participation in club activities.

There are still a number of club members that have not renewed their membership. Unfortunately, we have to drop those members from the membership roster and the distribution list of the newsletter.

About five years ago, my younger brother lost his wife to a sudden heart attack. A few years later he met a super nice lady and they hit it off very well. I have honestly never seen my younger brother happier than he is now. On June 22, Dee and I attended their wedding in Winchester, VA. It was a wonderful occasion and it was great to see all of the family members that came from near and far for the wedding. It reminded me of how important family and friends are. In a similar way, our Corvair family is important to all of us. We all have many friends that we have met through participation in Corvair activities. Let's keep those relationships vibrant by participating in our club's activities and sharing the camaraderie of our friends

## Would the Real "Fonz" Please Step Forward

I know what you're thinking.

and YES, they did come to the Cruise-In like this. Cigarettes and all in their rolled up sleeves. But, at least if it rains or we get a flood, their pants are not going to get wet. Good job guys 😊

On Saturday, June 1<sup>st</sup>, Glenn & Doris Simmons, Al Rich, Rob Fields, Richard & Sara Jenkins, Ronnie & Patti Jenkins and Dick & Dee Charest all went to a Cruise-In at the Chick-Fil-A on Cherry Road in Rock Hill, SC. The theme for this event was the 50's. They told everyone that wanted to dress in 50's attire that would be great and make the event a lot of fun. There were people there with their "Poodle" skirts and "saddle" shoes on, blue jeans rolled up and their white socks showing, and etc. Even the kids were dressing up like the 50's.

Well the QCCC boys didn't let the club down. They dressed the part as well. Both of the guys had their blue jeans rolled up and white socks were flashing brightly. They had their shirt sleeves rolled up and yes there was a pack of cigarettes in the rolled up sleeves. We had to make Al a "pretend" pack of cigarettes out of some flyers we had. They also had their hair greased and slicked back to look like the "Fonz". Well let me change that statement. Ronnie had his hair slicked back. I just about forgot Al keeps his head shaved 😊

They had a couple of girls there showing anyone interested in learning how to "Jitterbug". There was a little participation in this, but they didn't do a dance off after it was over. Patti participated in this and said she had fun. Be sure and watch the next season of "Dancing with the Stars". We might see our own Patti Jenkins giving this a try and maybe even taking home the "Silver Ball". Good job Patti.

Chick-Fil-A gave away quite a few prizes which consisted of little mini-moo Chick-Fil-A cows with a gift card in it good for a free Peach milkshake. Instead of plaques being given to the winners at the end of the show, each winner received a Chick-Fil-A gift bag of goodies worth \$50. Unfortunately none of the QCCC people took home any of the big prizes, but we had a fun time. The only thing I think I could say negative about the event was it was a little too long. It ran from 2-6pm. If they could have cut it off at 5pm, it would have been a whole lot better. Quite a few of the folks started pulling out between 4:30 and 5:00pm. But over all it was a good show. There were 48 cars on display for this event, which was very good since this was their first show.

## Car Movie Database...submitted by Mark Tinley

To find out if your make and model of Corvair was used in a particular movie and to what degree you can go to the following website. It is [www.imcdb.org](http://www.imcdb.org). You just choose the vehicle make (Chevrolet) and click. Next you will find your Corvair and click on it. This will pull up the screen that will show you what movie(s) your Corvair was in and what year it appeared. It's very interesting.

### Note: Submitted by Dee Charest

I tried this and it was quite interesting. I looked up (what else of course but) Rampsides and this is what I found out.

1. A 1961 Rampside was used in the movie "Emergency".
2. A 1961 Rampside was used in "It's a Mad Mad Mad Mad World".
3. A 1961 Rampside was used in "Route 66".
4. A 1962 Rampside was used in "My Girl 2".
5. A 1963 Rampside was used in "Spice Girls" and "Say You'll Be There".

## Vacuum Cleaners and Syphons Don't Mix

Written by Chess Earman, Shenandoah...Copied from the CORSA Communiqué January 1980

A few weeks ago I discovered a leak in the gas tank of one of our Corvairs. With four of them on the road, it's easy to get them mixed up and Carrie filled it up with gas. (The leak was at the ¼ full point). She knew right away she had goofed, but I was still faced with the hassle of siphoning gas out and into another car. I knew how, but I had never really had the occasion to do it before. I found a length of garden hose and pushed it in the tank. The idea of sucking gas through the hose and into my throat didn't excite me. One or two "puffs" on the thing convinced me the stuff would go down my throat and kill me, so I decided to figure a different method.

I knew I needed to create a vacuum, so my thoughts instantly turned to a vacuum cleaner. I ran an electric cord out behind my garage to the leaking car and put the hose tightly over the garden hose which let into the gas tank.

Within one or two seconds, I knew the gas was coming, so I pulled the vacuum hose away and the gas started dribbling into a five gallon bucket.

About that time there was an explosion inside the vacuum cleaner that sounded like a backfire and it shot fire out the exhaust end of the cleaner. My heart skipped a few beats and I immediately realized what I had done. But wait, I was still standing there with one hand holding a garden hose dripping gas into the bucket, my other had holding the nozzle of a still running vacuum cleaner and there is fire coming out of the cleaner like a jet engine!! I was about 25 feet from where the extension cord plugged into the garage. Any second, I was expecting the big "BANG" when the flames and the gas fumes from the tank connected. They never did. (maybe that was obvious since I'm writing this article). For some strange reason the vacuum cleaner still works, but I no longer use it for siphoning gas.

## Mango Cucumber Salad...submitted by JC Nelson

Copied from: [relish.com](http://relish.com), Confessions of a Mango Mamma by Jen Karetnick, a food writer in Miami Shores, FL.

2 Cups reduced-sodium chicken broth  
½ Cup water  
1 (6.3 ounce box) Israeli couscous  
2 tablespoons olive oil, divided  
2 Cups chopped mango  
2 Cups chopped English cucumber, unpeeled  
1 Cup chopped cilantro  
2 tablespoons honey  
Juice of 1 lime  
½ teaspoon coarse salt  
¼ teaspoon ground white pepper

Combine broth and water in a large saucepan; bring to boil. Add couscous; cover and cook, stirring occasionally, until liquid is absorbed and couscous is al dente. Remove from heat and place in a mixing bowl. Stir in 1 tablespoon olive oil to prevent grains from sticking. Let cool. Add mango, cucumber and cilantro; toss well. Whisk together honey, lime juice, remaining 1 tablespoon olive oil, salt and pepper. Pour over couscous; mix well.

There will be lots of cars to look at and new friends to make. There is plenty of parking and indoor plumbing too. We'll have games available and plenty of shade to just hang out in and enjoy the day. Don't miss out on this fun day and our favorite pass time...our special classic autos!

### Directions:

**Henry Fork River Regional Recreation Park—5677 Sweet Bay Lane—Hickory, NC 28602.**

The park is conveniently located off I-40 exit 121. When you exit head South on Old Shelby Road and then take the first turn on to Sweet Bay Lane. Follow the signs to the Classic Car parking area.

### Reminder:

We need a head count to give to the folks hosting this event and I need a head count to know how much food to buy.

## Mark Your Calendars and Make Plans...submitted by Dee Charest

Dick and I are planning on going to this event and we hope a lot more of our club members can make it as well. I will be sending out an e-mail soon so that we can get a count on how many plan to attend. Please give this some serious thought and try to go if you can. It's going to be a lot of fun and a great way to show off the Corvairs. This event is hosted by the Heart of Georgia club members and following is the info that Lillian Law sent to me.

**Friday, October 4<sup>th</sup> and Saturday, October 5<sup>th</sup>.** Put these dates on your QCCC Calendar and try to make plans to attend the "24<sup>th</sup> Annual Dixie Corvair Classic, Vairs at the Fair", in Warner-Robins, Georgia. The host club is The Heart of Georgia Corvair Club. We will be talking about this more at our upcoming meetings. But for now just mark it on your calendar so that you do not make any other plans for that weekend.

Registration will be on Friday, October 4<sup>th</sup> from 12 Noon until 7pm and the cost to register will be \$12 per person. There will also be a "Swap Meet" from Noon until 7pm. The Hospitality room will be open to all Corvair folks from 6:30pm—8:30pm on Friday night. There will also be a Raffle and 50/50 drawing. There will NOT be any judging. This is just a fun weekend for Corvair folks to get together and enjoy each other's company and not have to work on cleaning up cars.

On Saturday there is a parade and the Corvairs always lead the parade. So everyone bring your Corvairs and let's help lead in the parade with a line of Corvairs two blocks long. The parade ends up at the Fair Grounds where we will park our cars for everyone to come by and see.

Saturday night there will be a banquet. The cost of the banquet will be \$16 per person. It is being catered and the menu will be "all you can eat" catfish and shrimp. The sides will include slaw, hush puppies, fries, tea, water and dessert. Yummy this is making me hungry ☺

Everyone **MUST** pre-register for this show and they must have at least 50 folks there for dinner.

The host hotel will be the Ramada Inn located at 2024 Watson Blvd in Warner Robins, Georgia. Room rates will be \$55 for "Upstairs" and \$60 for "Downstairs". In the rooms you will have your choice of either one king size bed or 2 queen size beds. All reservations must be made by September 1, 2013. Tell them you are with the Corvair folks to get these discounted rates. These rates will also apply to Thursday, if you choose to come down early. If you come early you might want to visit the Museum of Aviation. For more info you can contact Lillian Law, the show Chairperson at 229-291-0567 or lawjandl@aol.com.

I signed up for an exercise class and was told to wear loose fitting clothing. If I HAD any loose fitting clothing, I wouldn't have signed up in the first place!
